

Dear Associate Members,

SPACE executive committee launches **Supply Chain Improvement AWARD 2012** to the Associate members who have improved significantly their industrial and Supply Chain performance during the previous year.

Award's importance:

The proof of your efforts, performance, quality and efficiency, these will not only show your reliability but also bring you the recognition and reputation in Aerospace community.

How to win the award?

Simply provide us the award submission package (report) in English **latest on Thursday 1st of March 2012.** Please see the procedure attached.

Your package will be sent to the referees and the result will be announced at the beginning of April 2012.

What are the awards?

The award comes as a trophy with its certification. You will find below a picture of SPACE award:

Where to be awarded?

They will be awarded at the end of April 2012 during SPACE General Assembly where all our Executive members will be present:

If you have any queries, please feel free to contact us.
